ROSEHIP

AMARANTH

Rosehip oil has long been considered one of the best plant oils for both skin and hair. It contains, for instance, high levels of various antioxidants, essential fatty acids, omega 3, 6 and 9, and vitamin A. The high level of fatty acids means that the oil rapidly penetrates the outer layer of the hair, making it an excellent moisture regulator.

Amaranth is an excellent source of essential fatty acids and the amino acid lysine, making it an ideal ingredient for cosmetic applications. The seeds of the plant are prized by the haircare and cosmetics industry for also being a rich source of protein, vitamins and minerals.

SEA BUCKTHORN

3, 6, 7, 9

The nutrient content of sea buckthorn is of course its main attraction, as the berries are packed with antioxidants, amino acids and various vitamins, including vitamins A, B, C and E. The berries also contain omega 3, 6, 7 and 9 fatty acids, which have a beneficial effect on both hair and scalp.

CHAMOMILE

Most people are familiar with chamomile from drinking herbal chamomile tea, usually when a little snuffy, having caught a cold. Chamomile has also been used for centuries as a mild and gentle disinfectant and it has a soothing and calming effect on irritated skin.

WASHING AND CARE

All ZenzTherapy haircare products are based on organic rosehip, amaranth, sea buckthorn and chamomile. Each product category is enriched in other ways too, depending on how the products are used.

ZenzTherapy

VOLUMIZING AMARANTH

This range provides a foundation for light and fuller styles that last.

- Strengthens and thickens the hair
- Adds volume and vitality to flat and lifeless hair
- Stimulates and reconditions the scalp

Active ingredients and benefits: Organic amaranth, squalane, dead-nettle, aloe vera, ginseng, vitamin B and psyllium are among the active ingredients used in Volumizing products. Volumizing amaranth helps to give flat, fine and lifeless hair greater volume, thickening and strengthening it, while also adding shine.

Good to know:

Dermatologically tested, 100 % vegan, contains organic fruit, vegetables and herbs.

No SLS, SLES, parabens, MI/MCIT, artificial colours or silicone. Not tested on animals.

HARMONIZING SEA BUCKTHORN

A moisture-regulating range containing sea buckthorn, which helps to keep scalp and hair healthy and manageable – and is perfume free.

- Harmonizes and optimizes the moisture balance of hair and scalp
- Suitable for daily care and strengthens the hair
- Has a balancing effect and gently removes impurities from the hair and scalp

Active ingredients and benefits: Organic sea buckthorn – vitamins A, B, C and E, amaranth, hydrolyzed keratin, antioxidants and macadamia oil help to restore a good moisture balance. Strengthens the hair, leaving it manageable.

Good to know:
Dermatologically tested, contains organic fruit, vegetables and herbs. No SLS, SLES, parabens, MI/MCIT, artificial colours or silicone. Not tested on animals.

NOURISHING ROSEHIP

A revitalizing range with rosehip, which strengthens, smooths and restores elasticity to dry or treated hair.

- Perfect for eliminating frizz, dryness and damage caused by chemical treatments
- Improves the hair's resilience and elasticity
- Softens, smooths and adds flexibility to the hair's outer cuticle layer

Active ingredients and benefits: Organic rosehip, essential fatty acids and vitamins A and C, macadamia oil, wheat protein and sea buckthorn are among the active ingredients that make this range the ideal choice for damaged or treated hair.

Good to know:

Dermatologically tested, 100 % vegan, contains organic fruit, vegetables and herbs.

No SLS, SLES, parabens, MI/MCIT, artificial colours or silicone.

Not tested on animals.

SCALP RELIEVE CHAMOMILE & MENTHOL

A shampoo that has been specially developed for scalp problems, such as dandruff. Contains chamomile extract and menthol, which, among other properties, help to clean, restore and normalize the scalp's natural balance.

- Exfoliates and gently removes dandruff from the scalp and soothes irritation
- Revives, normalizes and improves the condition of the scalp
- Relieves itching and irritation

Active ingredients and benefits: Organic chamomile and sea buckthorn help to normalize scalp conditions. Menthol has a cleansing and revitalizing effect on the scalp. Zinc pyrithione helps to actively relieve itching and prevent dandruff forming on the scalp.

Good to know:

- Dermatologically tested, 100 % vegan, contains organic fruit, vegetables and herbs
- No SLS, SLES, parabens, MI/MCIT, artificial colours or silicone. Not tested on animals

REPAIR TREATMENT ROSEHIP & AMARANTH

Revitalizing hair treatment with rosehip and amaranth, which strengthens treated, dry or weak hair.

- A hair treatment that reduces hair damage and frizz and makes hair more resilient
- Strengthens and improves elasticity, leaving hair glossy once more
- Leaves the hair's surface smoother and more even for greater manageability

Active ingredients and benefits: Organic rosehip – essential fatty acids, vitamins A and C, amaranth and mango butter all help to leave hair looking and feeling stronger and healthier. Makes hair more resilient with regular use.

Good to know:

- Dermatologically tested, 100 % vegan, contains organic fruit, vegetables and herbs
- No parabens, MI/MCIT, artificial colours or silicone. Not tested on animals

ZENZ THERAPY ORGANIC TREATMENT OIL

PatchouliCedarwood, Chamomile, LemonSweetmint and OrangeLavender are organic oils that have been carefully blended and adapted to ensure the ultimate in care and wellbeing using nature's own ingredients. The aromatic fragrances and the properties of the oils have a particularly noticeable effect on the skin. The aromatic oils can also be used in conjunction with other ZenzTherapy care products.

The four multifunctional aromatic oils, which have an effect on skin, hair and the senses, are all based on a carrier oil produced using jojoba oil and sesame oil. Jojoba oil is a natural oil and the one that most closely resembles the skin's own natural oil.

ZENZTHERAPY ALTERNATIVE COLOR

A permanent hair colour system that more than meets most people's expectations. ZenzTherapy Alternative Color is based on the philosophy that what we leave out of our products is just as important as what we put in.

The result is that ZenzTherapy Alternative Color is an expression of a conscious choice in hair colouring, yet it allows the same creative possibilities and coverage as conventional hair colours.

Good to know:

Contains organic vegetables.

No ammonia, PPD, resorcinol, parabens or MI/MCIT. Not tested on ani-
